REPORT OVERVIEW

This document presents the overall academic performance of Arizona high school graduates as reported by the Arizona Community College Presidents' Council (ACCPC) districts. The statistics are based on Arizona freshmen attending the summer, fall, and spring terms immediately following high school graduation. This report covers the Academic Year 2010-2011 high school graduates attending college in 2011-2012. Additional data are available by high school by community college district upon request from ACCPC.

The English and mathematics sections report data on the academic performance of 2011 high school graduates in what is called the first English or first mathematics courses taken at the community college.

Every district has its own internally approved system of course numbering and the definitions of courses' levels. The general categories of levels can be described as follow:

The English courses are generally categorized as:

1. Pre-freshman English (PFE) which includes courses with numbers 100 or less.
2. Freshman English (FE) which includes courses like ENG 101, 102 or the primary English course required for a degree
3. Advanced English (AE) which includes courses like advanced English or honors English
4. Other English (OE) which includes English courses numbered at the 100 level or above taken first and not categorized elsewhere.

The mathematics courses are generally summarized as:

1. Pre-intermediate algebra (PIA) which includes courses with numbers less than 100.
2. Intermediate algebra (IA) which includes courses like MAT 120, 121, 122 and math courses taken as a prerequisite to college algebra
3. College algebra (CA) which includes courses like MAT 150, 151, 152 and 187
4. Calculus (C) which includes courses like MAT 212, 220, 230, 240.
5. Other college mathematics (OCM) which includes math courses numbered at the 100 level or above taken first and not categorized elsewhere.

The "Average GPA" is calculated based on the students that received a grade of A, B, C, D, or F in the First English Course or First Math Course. Grades are assigned a numerical value (A = 4.0, B = 3.0, C = 2.0, D = 1.0, F = 0). For the First English Course or First Math Course, the numerical values are summed and then divided by the number of students that received a grade of A, B, C, D, or F.
