Arizona Report of Public Agency Performance on
Participation and Performance of Children with IEPs on Statewide Assessments

Note: This report gives information on Indicator 3A**–**AMO. Other assessment reports give information on Indicator 3B**–**Participation Rate and Indicator 3C**–**Proficiency Rate.

Indicator 3A–Annual Measurable Objectives (AMO)

Percent of public education agencies (PEAs) with a disability subgroup that meets the State's minimum "n" size meeting the State's AMO targets for the disability subgroup.

Measurement

The percentage is the number of PEAs meeting the State's AMO objectives for progress for the disability subgroup (children with IEPs) divided by the total number of PEAs that have a disability subgroup that meets the State's minimum "n" size times 100.

Data

The data are from school year 2012-2013. The subject areas assessed for AMO were mathematics and reading. The minimum "n" size in Arizona is 40 students. Sixty-nine PEAs met the minimum "n" size. The data are the same as used for accountability reporting under Title I of the Elementary and Secondary Education Act (ESEA).

The ESEA requires that public education agencies (PEAs) meet performance objectives for their population as a whole and for all identified subgroups. Students who have an IEP are one of the subgroups. There are a number of factors that are considered for AMO.

For more information about AMO, visit the Arizona Department of Education's Web site at http://www.azed.gov/research-evaluation/az-learns/ayp-determinations/

State Target: 26.5% of PEAs meet overall AMO for students with disabilities

State Results: 0% of PEAs met overall AMO for students with disabilities

PEA	Overall AMO Determination
Agua Fria Union High School District	NO
Alhambra Elementary District	NO
