Arizona Report of Public Agency Performance on
Participation and Performance of Children with IEPs on Statewide Assessments

Note: This report gives information on Indicator 3B–Participation Rate. Other assessment reports give information on Indicator 3A–AMO and Indicator 3C–Proficiency Rate.

Indicator 3B–Participation Rate

Participation rate for students with IEPs on statewide assessments.

Measurement

The participation rate is the number of students with IEPs participating in the assessment divided by the total number of students with IEPs enrolled during the testing window, calculated separately for reading and math.

Data

The State achievement assessment for ELA and Math is the Arizona's Measurement of Educational Readiness to Inform Teaching (AzMERIT). The State Alternate Assessment based on Alternate Achievement Standards (AA-AAS) is the Multi-State Alternate Assessment (MSAA) for ELA and Mathematics.

The proficiency data are from school year 2014-2015, reported separately for mathematics and for ELA. The data include students with IEPs who took the AzMERIT with no accommodations or using standard accommodations. The data include all the grades assessed (grades 3 through 8 and high school). The data are the same as used for accountability reporting under Title I of the Elementary and Secondary Education Act (ESEA).

A public education agency (PEA) listed with an asterisk (*) means it had fewer than 10 students with IEPs enrolled in the grades assessed. In these instances, the data are not reported to ensure confidentiality.

Mathematics Participation State Target: 95%
