Students will be able to distinguish among fact, opinion and reasoned judgment in a text. Students will be able to create a dialogue that will represent multiple perspectives.

**Anticipatory Set**
(Engage student's attention. Connect to prior learning/experience. Establish relevance. Why is it important for students to learn this?) Teacher will show the video clip from youtube of Lady Gaga song “Bad Romance” set to a video and lyric change to woman suffrage. Link to Lyrics: [http://www.soomopublishing.com/suffrage/#lyrics](http://www.soomopublishing.com/suffrage/#lyrics) Link to video: [http://www.youtube.com/watch?v=s-eVFocQ7N&feature=results_main&playnext=1&list=PL41A6D2F5E8648B42](http://www.youtube.com/watch?v=s-eVFocQ7N&feature=results_main&playnext=1&list=PL41A6D2F5E8648B42)

After showing the video, the teacher will lead classroom discussion assessing prior knowledge of the women's movement. Teacher can discuss stereotypes of what man and women and their role in society. The teacher can display the quotations about women by notable figure to help with this discussion. The teacher will then tie this in with the lesson objective.

**Lesson Outline**
(Planned steps and activities that actively engage students in either inquiry method:

1. Bell work: See Anticipatory Set
2. The teacher will play at least two of the clips below to familiarize students with the movement. Students should take notes
3. The teacher will divide the class into groups of four. Each group will get a file folder of primary source documents. Those documents are as follows: ERA, 19th Amendment, Equal Pay Act, and Title IX as well as documents that discuss the impact. The link for those documents are below and the images and charts are at the end of the lesson
4. In groups, they will analyze the sources by using the analysis worksheet and place them in the proper order chronologically. This is the link to the primary source analysis tool: [http://www.loc.gov/teachers/usingprimarysources/guides.html](http://www.loc.gov/teachers/usingprimarysources/guides.html)
5. The teacher will hold classroom discussion regarding the various documents to check for understanding
6. Through the analysis and discussion of the documents, students first debate within their groups and then ultimately write an expository piece in the form of a dialogue discussing whether or not the women's movement has been effective in providing equality for women.

**Differentiated Instruction (Gifted, ELL, SPED)**

**Assessment(s)**
(How will you know that each student achieved the objective? These are formative in nature—informal and formal, unless you are concluding a unit and will administer a summative assessment in addition to your formatives.) Teacher will grade their analysis based on the AIMS holistic rubric

**Cognitive Closure**
(How will you close your lesson? Summarize, tie it together, learning conversations, ticket out of class, relevance to next lesson, etc.) Teacher can address the essential questions mentioned above and hold classroom dialogue. The teacher can also have discussion of potential solutions.

**Extended Learning Opportunities**
(How will you re-teach students who did not meet the objective? How will you challenge students who have mastered the objective?) Students are placed in groups to assist SPED and ELL students. Also modified versions of the above documents would assist students.
Gifted student can hold a debate instead of writing an expository text
Gifted students can do additional research and propose an Amendment that would provide a solution to the continued gender inequity.
Evaluation/Modifications of Lesson
(Looking back on this lesson, what worked well and what didn’t work so well? What changes would you make to improve instruction?)

You will want to evaluate the primary sources and informational text to check for grade level appropriateness and aligned to Common Core State Standards. You also might need to add or eliminate the number of sources based on time constraints.

Notes:

Quotes from Notable Men Regarding Women

The courage of a man is shown in his ability to command. The courage of a woman is found in obeying.
—Aristotle

All women are born that they may acknowledge themselves as inferior to the male.
—Calvin

You would not let an eleven-year-old child stand up in a meeting and talk. Then why should you allow a woman to speak in a meeting?
—A statement made in a Christian conference in the twenty-first century

I don’t think a woman should be in any government job whatever. I mean, I really don’t. The reason why I do is mainly because they are erratic. And emotional.
—Richard Nixon

Vote NO on Woman Suffrage

BECAUSE 99% of the women either do not want it, or do not care.

BECAUSE it means competition of women with men instead of cooperation.

BECAUSE 80% of the women eligible to vote are married and can only double or annul their husbands’ votes.

BECAUSE it can be of no benefit commensurate with the additional expense involved.

BECAUSE in some States more voting women than voting men will place the Government under petticoat rule.

BECAUSE it is unwise to risk the good we already have for the evil which may occur.
