

How do I access My Testing History and Results???

AEPA

1. To view **TESTING HISTORY**, reported as PASS/FAIL, one should create an account or log in at [Arizona Educator Proficiency Assessments](#)
2. To obtain **additional copies** of test results you need to fill out and mail the attached form. [Request a Copy of Your Test Results](#)
*** Even though the form states “Additional copies will be available up to FIVE years after the test date” you should be able to obtain a copy after five years.
3. If you took your exam in **1999-2000** please contact EducatorExams@azed.gov so a verification letter can be written on your behalf. Please include your current address and date of birth upon submission. AEPA will not have results from tests taken in 1999-2000

AEPA Contact Information- Pearson/AEPA is a separate entity from the AZ Department of Education.
