OFFICE OF THE SUPERINTENDENT

Diane Douglas, Superintendent of Public Instruction Office of the Superintendent (602) 542-5460

A.R.S. § Title 15 et seq.

Mission:

To serve Arizona's education community, and actively engage parents, to ensure that all Arizona children have the knowledge to determine their future, achieve their goals, and be successful citizens.

Description:

Policy Development and Government Relations:

The Policy Development and Government Relations Office is focused on representing the Superintendent of Public Instruction and the department to all levels of local, state, and federal government. Policy Development and Government Relations keeps policymakers informed of the Department's perspective on issues affecting K-12 education, while keeping internal customers informed of what changes are necessary to comply with state or federal policy changes. Policy Development and Government Relations also develops and disseminates guidance and technical assistance to the department's external customers as necessary.

Office of Communications:

The Communications Office oversees the Department's communications, marketing, conference planning, and special projects. To accomplish its objectives, the Communications Office emphasizes and facilitates highly effective communication, collaboration and a commitment to excellence in all the Department does.

Homeless:

The Homeless Education program serves children whose cultural or economic situation challenges the educational system by ensuring homeless children and youth have access to a free, appropriate public education, comparable to that provided to the children of any Arizona resident and consistent with Arizona's mandatory school attendance laws.

Office of Indian Education:

The Office of Indian Education, under the Office of the Superintendent, administers federal and state programs to meet the educational and cultural needs of American Indian students in participating LEAs. The office implements A.R.S. 15-244, Indian Education Act. Outreach is provided to all of Arizona's local educational agencies on reservations and urban areas with high populations of American Indian students. Technical assistance is provided in collaboration with all units at ADE that interface with these LEAs. Conferences and training, as well as parental involvement activities. are also provided on-site and at ADE. The Director of Indian Education serves as a liaison between the tribal education departments and the ADE, works via partnerships with outside agencies to provide resources for Native American students, and facilitates the Superintendent of Public Instruction's initiatives to benefit the academic achievement and cultural awareness of Arizona's indigenous youth.

INFORMATION TECHNOLOGY

Satish Pattisapu, Chief Information Officer Information Technology (602) 542-1562 A.R.S. § 15-251-15-272, P.L. 107-110

Mission:

To provide information technology application development, as well as consulting services for integration of off-the-shelf services or custom

development, while ensuring network and operations capability in order to exceed the expectations of both internal and external education stakeholders.

Description:

Information Technology (IT) is a subprogram of the Arizona Department of Education that manages the agency's overall technology management initiatives. Through working with other business units' data stewards, the agency focuses on internal and external education stakeholder demands and service level agreements. This subprogram implements established guidelines to ensure data quality and maximize technology resource utilization. The primary activities that IT supports include assisting stakeholders with data collection, data use, data security, data storage, data integration and reporting. IT is also responsible for development and management of the State Longitudinal Data System (SLDS), and provides statewide P-20 education stakeholder reporting services. IT offers technical assistance and training to enable all of Arizona's educational stakeholders to effectively utilize ADE's offered technology services and information and recommends policy changes and additions based on best-in-class technology. Staff collaborate with strategic partners to provide timely technology tools needed to support reporting and decision-making by all education stakeholders (educators, the Arizona legislature, the state government, the federal government, business groups, researchers, parents, students, etc.), while also providing development and support for the implementation of the Arizona Education Learning and Accountability System (AELAS).

Research and Evaluation (602) 364-1983

A.R.S. § 15-743, 15-746, P.L. 107-110

Mission:

To serve the Arizona Department of Education and Arizona's education system by providing reliable and valid research, evaluation of various

education initiatives, and implementation of State and Federal accountability of Arizona's students, public schools and LEAs.

Description

Research and Evaluation is now merged with Accountability. The new program area is called Accountability and Research. The ADE Accountability and Research team is responsible for measuring the growth in quality of Arizona schools and districts by producing timely and reliable accountability determinations as required by State and Federal law and providing support services to the Agency in the areas of research, data reporting, and evaluation to/of programs that are aligned with the strategic objectives and mission of ADE divisions and the Agency. The section works closely with Assessments and the State Board of Education in order to accurately label schools in a fair and systematic manner. Staff support schools, districts, and other stakeholders to refine the system as well as utilize data in an appropriate and effective manner. Staff also represent the Agency with research and evaluation entities and activities throughout Arizona and nationally.

Accountability services are provided primarily to the State Board of Education who oversees the State accountability system. Accountability staff responds to data questions and provides impact data to the Board. They work closely with the field and IT to ensure data quality and accuracy. This subprogram is also responsible for implementing the State and Federal accountability system delivering data, letter grades, and Federal determinations to Districts and schools through secure web-based applications and reports. Accountability subprogram additionally creates and produces data for State and school report cards.

Research services are provided at the request of other Agency programs and include project design, strategies and technical aspects of data collection, primary and secondary data analyses, literature and policy reviews, interpretation of findings, and implementation of findings into practice. This subprogram is also primarily responsible for producing publicly available data sets that meet State and Federal privacy laws. Staff provide services in program or process evaluations, including developing evaluation plans, coordinating and monitoring of program evaluation RFPs, designing evaluation instruments, collecting quantitative and qualitative data, analyzing results, and evaluation reports.

HEALTH AND NUTRITION SERVICES

Melissa Conner, Associate Superintendent

Health and Nutrition Services (602) 542-8709

Nat. School Lunch and Child Nutrition Acts, P.L. 108-265

Mission:

To provide Arizonans with health and nutrition knowledge and identify available resources to positively impact the academic success and wellbeing of Arizonans.

Description:

The Health and Nutrition subprogram provides technical assistance to support and improve the health environment of schools, daycare centers and homes, cash assistance and donated foods to serve nutritionally adequate meals to children in schools, preschools, daycare centers and homes. Over two-thirds of the children served are low income, based on free and reduced-income eligibility status. The free and reduced status is based on the federal poverty guidelines and is an indicator of a child's at risk status. Training, technical assistance, and compliance reviews are conducted to ensure health and nutrition integrity and fiscal accountability as prescribed by the United States Department of Agriculture.

The Health and Nutrition subprogram includes various health programs and the meals served in these programs are planned to meet the U.S. Dietary Guidelines for Americans. These guidelines provide advice about food choices that promote health and prevent disease, encouraging an increased intake of fruits, vegetables and grains, while limiting fat, salt and sugar. These programs include: the National School Lunch Program, the After School Snack Program, the School Breakfast Program, the Child and Adult Care Food Program, the Summer Food Service Program, the Food Distribution Program, the Special Milk Program, the Fresh Fruit and Vegetable Program, School Health Programs, and Clinical School Health.

School Safety and Prevention:

The Office of School Safety and Prevention (SS&P) provides funding, training, and technical assistance for safe and supportive learning environments that meet the continuum of school safety, prevention, intervention and response. Through collaboration with diverse local, state and federal partners, the Office supports Arizona schools so that students are safe, healthy, and ready to learn. Strategies utilized by SS&P are grounded in evidence of effectiveness, and the Office contributes to the knowledge base through its own data collection, program evaluation, and research efforts.

SCHOOL FINANCE

Lyle Friesen, Deputy Associate Superintendent

School Finance (602) 542-8250

A.R.S. § 15-185, 15-901-917, 15-941-15-1033, 37-521

Mission:

To distribute state aid for the education of students in preschool (with disability), kindergarten, and grades one through twelve, monitor compliance with statutory expenditure limitations, and provide prompt customer service while collecting and analyzing data required for the distribution of state aid.

Description:

School Finance disburses equalization assistance (Basic State Aid) to school districts and charter schools pursuant to a statutory formula, which requires the first portions of school district funding to be generated by a local property tax levy and a state equalization assistance property tax levy (levied by the counties). The equalization formula is designed to provide equitable per-pupil funding among school districts and charter schools for maintenance and operation and certain capital needs. Equalization assistance is based on the school district's or charter school's student count (Average Daily Membership) and funding levels set in statute.

School Finance collects student level data, which becomes the basis for payment of state aid and other monies. This data is also used by numerous other areas within the Department of Education. In addition to student data, transportation and employee data is collected. Assistance is provided

to districts and charters to ensure accurate data is available for payment and budget analysis purposes.

School Finance also disburses other special formula funding for the following programs: (1) Additional State Aid (Homeowner's Rebate Program); (2) Assistance to School Districts (education of children whose parents or legal guardians are employed by certain state institutions); (3) Certificate of Educational Convenience (education of children who reside in areas of the state which are not included within an organized school district); (4) Residential and Institutional Vouchers; (5) County Jails and Detention Centers; (6) Juvenile Corrections and Adult Corrections; (7) Classroom Site Fund (additional funds for teacher compensation and other specified purposes); (8) Instructional Improvement Fund (also additional funds for teacher compensation and other specified purposes); and (9) County Small Schools Service Program.

School district compliance with statutory expenditure limitations is determined for each school district based on each district's adopted budget. Monthly updates are provided throughout the year. Final compliance testing is performed after the close of the fiscal year, upon the submission of school districts' Annual Financial Reports.

Further, School Finance collects data to meet the reporting requirements for the National Public Education Finance Survey (NPEFS) and the federal Common Core of Data, fiscal (revenues and expenditure) and non-fiscal (student counts). Data submitted is the basis for determining Arizona's Title I monies, and is used in numerous studies and reports. In addition, School Finance provides education related data to other governmental agencies and taxpayers as requested and/or required.

A.R.S. § 15-531-15-551, 15-704, 15-919-15-920, P.L. 107-110

Mission:

To promote the development and the implementation of quality education for all learners by providing quality services and resources to schools, parent groups, government agencies, and community groups to enable them to achieve their quals.

Description:

The Highly Effective Schools Division, consisting of Exceptional Student Services (ESS), Adult Education Services (AES), and 21st Century Community Learning Centers (21CCLC), provides funding, technical assistance, and resource coordination to local education agencies and public/private organizations in their administration of preschool through adult programs including before and after school programming and summer programming. It also provides development opportunities to teachers and administrative professionals and supports local efforts focused on parental and community involvement. This Division includes efforts aimed at:

- 1. Fostering educational excellence for students with disabilities between the ages of 3 years and 22 years;
- 2. Serving children whose economic, cultural, or intellectual situations create the need for additional school extension opportunities offered through school day extension programs that support academic achievement, family engagement and social/emotional growth;
- 3. Serving Arizona's education community by ensuring adult learners have access to education that prepares them for success in college, career and life.

This Program Contains the following Subprograms:

- Exceptional Student Services
- School Improvement and Intervention
- Career and Technical Education
- Title I
- Emergent Student Services

Mission:

To provide high quality service that builds capacity to improve outcomes for students with disabilities.

Description:

The vision of Exceptional Student Services is that students with disabilities are well prepared for transition to adult life and higher education/training, employment, and independent living. To achieve this vision, ESS builds the capacity of educators to improve student outcomes and supports implementation of the Individuals with Disabilities Education Act (IDEA) through activities aligned with the Results Driven Accountability initiative from the Office of Special Education Programs.

 Goal 1 To ensure that all students with disabilities have access to an excellent education.

Objective: 1 FY2017: Increase the percentage of students with IEPs graduating from high school with a diploma from 63 to 68.

FY2018: Increase the percent of youth with IEPs graduating from high school with a regular diploma from 64.42 to 80.

CAREER AND TECHNICAL EDUCATION

Cathie Raymond, Deputy Associate Superintendent/State Director Career and Technical Education (602) 364-2211

A.R.S. § 15-781-15-790, P.L. 109-270

To prepare Arizona students for workforce success and continuous learning.

Description:

The Career and Technical Education (CTE) subprogram at the Arizona Department of Education oversees all State and Federal funding specifically

earmarked for all secondary and postsecondary CTE programs designed to prepare individuals for postsecondary education and transition to employment in current or emerging careers. This subprogram directs and is responsible for the quality of all CTE programs under secondary and postsecondary districts and all CTE programs under Joint Technical Education Districts (JTED). This includes oversight of over \$25.4 million of Federal Carl Perkins funds and \$11.6 million of State Block Grant funding. The subprogram is responsible for assuring quality and compliance with all associated Federal and State legislation for CTE funding, including budgeting and directing funds to specific programs, providing reports to Federal and State entities, collecting, analyzing and reporting related data, including performance measures, and establishing fiscal accountability for funds.

The CTE subprogram is also responsible for directing the development and approval of quality CTE programs in 73 program career areas leading to placement of students in postsecondary education and/or into employment. The subprogram directs development of industry validated technical standards which not only meets occupational needs and employability skills but also focuses on related academic skills and standards. The subprogram oversees the development of end-of-program assessments and maintains the assessment management system. Leadership is provided for curriculum, assessment development, dissemination of materials and professional development opportunities, including pedagogy, and articulation of secondary to postsecondary education.

The CTE subprogram directs CTE research and assessment, which supports the need for specific programs, based on Arizona labor market information identifying occupations with high wage, high skill and high demand, and collects, reports and analyzes data for districts and other entities in order to provide accurate information and industry evaluation for continuous improvement of CTE programs. The CTE subprogram also supports implementation of new and emerging programs such as those in the Science, Technology, Engineering and Math (STEM) cluster, and the Bioscience areas, based on research in Arizona services workforce strategy by Battelle. The subprogram works with stakeholder groups to establish partnerships with business and industry and workforce development agencies to ensure the CTE programs are preparing students to be college and career ready by having the workplace employability skills, technical skills and industry recognized certifications needed for careers leading to economic independence. The subprogram gives direction to identification of priorities, such as specific occupations or work-based learning, to align with labor market and business and industry needs into the future.

The subprogram oversees and conducts all Federal compliance reviews for CTE programs through Office for Civil Rights. The seven co-curricular CTE student organizations, FFA, FCCLA, Educators Rising Arizona, FBLA, DECA, HOSA and SkillsUSA, also function under this subprogram to provide students with leadership development and community service skills. Technical assistance in implementation and continuous improvement of quality CTE programs including the previously described initiatives is provided to all secondary and postsecondary districts offering approved CTE programs.

Mission:

To support the implementation of Arizona's System of School Support in order to impact teaching and learning in Kindergarten through 12th grade classrooms so that educationally disadvantaged students achieve high academic success.

Description:

Title I, under the Elementary and Secondary Education Act, provides financial assistance to local educational agencies to meet the needs of educationally deprived children at preschool, elementary, and secondary school levels who are in low income areas. The purpose of this Title I funding is to help all children achieve the State's academic standards. This is accomplished through supplemental programs that consist of instructional services, instructional support services, school wide reform efforts, and increased involvement of parents in their children's education.

Mission:

To serve Local Educational Agencies (LEAs) in accessing quality educational programs on reservations and urban areas with high populations of American Indian students through technical assistance, timely allocation and distribution of program funds, monitoring state and federal grants, and providing data collection related to school safety to ensure that every child has access to a safe school environment and an excellent education.

Description:

The Special Projects sub-program (formerly Emergent Student Services, now part of the Office of the Superintendent) serves Arizona's indigenous school populations through targeted initiatives.

Office of Indian Education:

The Office of Indian Education, under the Office of the Superintendent, administers federal and state programs to meet the educational and cultural needs of American Indian students in participating LEAs. The office implements A.R.S. 15-244, Indian Education Act. Outreach is provided to all of Arizona's local educational agencies on reservations and urban areas with high populations of American Indian students. Technical assistance is provided in collaboration with all units at ADE that interface with these LEAs. Conferences and training, as well as parental involvement activities, are also provided on-site and at ADE. The Director of Indian Education serves as a liaison between the tribal education departments and the ADE, works via partnerships with outside agencies to provide resources for Native American students, and facilitates the Superintendent of Public Instruction's initiatives to benefit the academic achievement and cultural awareness of Arizona's indigenous youth.

Mission:

To build excellence in Arizona education through the provision of effective development and technical assistance that supports the needs of LEAs.

Description:

The High Academic Standards program provides leadership in the development of K-12 Academic Standards, Early Childhood Education Standards, Career and Technical Education Standards, and English Language Proficiency Standards along with ongoing support for the effective implementation of these standards at the local level. The content experts within the subprograms provide guidance documents, professional development and technical assistance to Arizona educators to ensure that educators have the necessary information to provide effective instruction. The High Academic Standards program provides support specifically to educators and classrooms providing instruction to K-12 students, K-12 English Language Learners and young students ages 3-5 in early education programs, as well as providing career and technical education services to high school students and community colleges. Additionally, this division supports several student subgroups: Early Childhood Special Education, Migrant, Homeless, and Gifted and Talented Students.

This Program Contains the following Subprograms:

- K-12 Academic Standards
- Early Childhood
- Title III OELAS

K-12 ACADEMIC STANDARDS

Jonathan Moore, Deputy Associate Superintendent K-12 Academic Standards (602) 364-2810

A.R.S. § 15-704, P.L. 107-110

Mission:

To provide Arizona's educators with professional learning opportunities and resources that support best practices for standards-based teaching and learning for all students.

Description:

The K-12 Academic Standards section provides leadership in the development of the state's academic standards as well as support and assistance to schools in implementing the standards as adopted by the Arizona State Board of Education. ADE-sponsored professional development and technical assistance in implementing Arizona's content standards are offered regularly for school/district teams to ensure that all teachers have the necessary skills and knowledge to teach Arizona's standards effectively.

The K-12 Academic Standards section also administers the Mathematics and Science Partnership grant which focuses on improving teacher content and pedagogical content knowledge in mathematics and science. The K-12 Academic Standards section provides professional development for educators across Arizona in the area of foundational reading standards in support of Move On When Reading and administers the Move On When Reading Literacy Plan portal. Content specialists from all academic standards areas provide statewide professional development and technical assistance to LEAs. Gifted Programming offers assistance to LEAs in the appropriate identification and delivery of services to gifted and talented students.

Nicol Russel, Deputy Associate Superintendent Early Childhood Education (602) 542-8706

A.R.S. § 15-715, 15-771, 15-901.02, 15-1251, P.L. 107-110

Mission:

To provide leadership and support to schools, organizations, educators, families, and communities in implementing programs that assist all children from birth through age 8 years to become successful lifelong learners.

Description:

The Early Childhood Education section provides professional support to Arizona's early childhood educators and also participates in multiple partnerships designed to create quality learning environments and opportunities for young children. Specifically, this section focuses on programs that include Preschool Special Education programs for children ages 3 to 5 years old with disabilities, Head Start programs, Preschool Development Grant funded classrooms, and Title I preschools. Content specialists in this section also provide professional development support to LEAs with kindergarten through grade three programs. The Early Childhood Education section supports school readiness and early learning success by encouraging the implementation of high quality program guidelines and educational standards. Local community programs are provided access to resources, on-site support, funding, and opportunities for professional development to promote developmentally appropriate learning environments.

Mission:

To be a critical partner invested in EL and MEP student success, using expertise and the cumulative experience of the practitioners in Arizona to guide LEAs, teachers, and families in compliant and effective ways to support the high achievement of EL and MEP students.

Description:

The Office of English Language Acquisition Services (OELAS) was formally established on September 21, 2006, pursuant to A.R.S 15-756.07. This subprogram is authorized under the federal Every Student Succeeds Act of 2015 (ESSA) and the federal Civil Rights Act to provide technical assistance to local educational agencies for their English Language Learner (ELL)

students. In addition, pursuant to A.R.S. § 15-751 through A.R.S. § 15-756.01, each school with enrolled ELL students must provide programs that allow these students to develop their skills in the English language and to give them the opportunity to meet Arizona Academic Standards.

The assistance the subprogram provides to LEAs consists of the following: (1) Providing notification to local educational agencies of their requirements/responsibilities for compliance under federal and state statutes: (2) Providing notification to local educational agencies of their requirements/responsibilities in regards to Arizona Department of Education policy and as described under the Flores lawsuit; (3) Providing methods/technical assistance to local education agencies for identifying. assessing, reassessing, reclassifying, and reporting on ELL students; (4) Providing information, materials, resources, and strategies for Structured English Language Immersion models; and (5) Providing professional development opportunities for teachers and administrators to ensure ELL student attainment of English language proficiency and academic achievement through the use of Structured English Language Immersion (SEI) models, the state Compensatory Instruction Fund, Title III funding, and providing technical assistance for SEI budget calculation and submission; (6) Review and approve continuous improvement plans in ALEAT to ensure required Title III components have been addressed; (7) Review and recommend for Arizona State Board approval of SEI Endorsement Coursework.

Migrant Education:

The Migrant Education Program is a federally funded, state-operated program under the Elementary and secondary Education Act (ESEA) that provides supplemental program services to the children, ages 3 through 21, of seasonal or temporary agricultural workers. In Arizona, the program delivers services primarily through local educational agencies (LEAS) that design programs to meet the unserved needs of children residing in their area. To facilitate broader services, some provisions are delivered through statewide models which, in particular, are designed to meet the credit accrual and informational needs for students.

Goal 1 To ensure compliance with State and Federal statutes and regulations along with other contractual obligations

Objective: 1 FY2017: Maintain at least 42 collaborative technical assistance sessions with LEAs in the monitoring process

ACCOUNTABILITY AND ASSESSMENT

Kelly Koenig, Associate Superintendent Student Achievement and Educator Excellence (602) 364-2811 A.R.S. § 15-241, 15-741-15-747, 15-809, P.L. 107-110

Mission:

EDA 8.0

To promote attainment of high academic achievement for all students through implementation of valid and reliable assessments and accurate measurement of school and student performance.

To increase student academic achievement through strategies to: improve the quality and effectiveness of teachers, principals, and other school leaders in addition to providing services to educators to assist them in obtaining and maintaining their Arizona Educator Certification.

To measure, support, and seek to improve LEA and school systems in order to significantly increase and sustain quality outcomes for Arizona students.

Description:

The Accountability and Assessment program focuses on improving student achievement through development and administration of valid and reliable assessments and report academic outcomes in order to make informed decisions about students, classroom practice, schools, and districts in Arizona. Support and Innovation provides support and intervention services to schools seeking to improve student achievement and academic outcomes as required by State and Federal Accountability Systems.

The Accountability Section measures performance and quality of Arizona schools, as required by State and/or Federal laws. The section works closely with School Finance, IT, Assessments, and the State Board of Education, in order to accurately label schools in a fair, transparent, and systematic manner. Accountability staff support schools, districts, and other stakeholders through appropriate and effectively reporting student outcome data for over 1 million students enrolled in almost 2000 charter and district schools throughout Arizona.

The purpose of Title I-Improving the Academic Achievement of the Disadvantaged of the Every Student Succeeds Act (ESSA) is to "provide all children significant opportunity to receive a fair, equitable, and high-quality education and to close educational achievement gaps". Title I provides technical assistance, service and support to local educational agencies

(LEAs) and schools to help ensure every child has access to an excellent education.

The Certification Unit at the Arizona Department of Education provides services to educators to assist them in obtaining and maintaining their Arizona Educator Certification. Educators are certified in a myriad of areas which include Early Childhood, Elementary, Secondary, CTE, STEM, Arts, Physical Education, Administration, Special Education, Adult Education and others as well as adding approved content areas and endorsements. The unit also assists out-of-state educators in obtaining Arizona Certification as well as supports Human Resource departments through staff training and facilitating on-site certification events to meet the needs of their educators.

Effective Teachers and Leaders (Title II-A) is responsible for increasing student academic achievement through strategies to: improve the quality and effectiveness of teachers, principals, and other school leaders; increase the number of teachers, principals, and other school leaders who are effective in improving student academic achievement in schools; and provide low-income and minority students greater access to effective teachers, principals, and other school leaders. Effective Teachers and Leaders staff work closely with Local Educational Agencies (LEAs) to provide guidance, strategies, and resources to:

- •Improve the effectiveness of teachers and leaders
- Achieve equitable access to effective teachers
- Support targeted professional development based on identified needs
- •Assist with the implementation of the Arizona Framework for Measuring **Educator Effectiveness**

Support and Innovation seeks to improve LEA and school systems in order to significantly increase and sustain quality outcomes for Arizona students. The unit drives academic reform, promoting systemic change through onsite visits and desktop supports to LEAs and schools as well as a variety of professional learning opportunities. Support and Innovation actualizes systemic change in LEAs and schools by supporting the creation and sustaining of a culture of learning; planning and implementing of evidencebased Integrated Action Plans based on a comprehensive needs assessment and root cause analysis; growth of bold, turnaround leaders who significantly influence student learning, as well as, other aspects of school conditions; an instructional focus with processes and supports for teacher collaboration to constantly improve and refine standards-based, evidence based instructional and assessment practices; and data driven decision making with consistent processes for using data in all decisions as well as to measure both program implementation and student outcomes.

To develop and administer valid and reliable student assessments aligned to adopted State standards.

Description:

The Assessment Section develops, administers, and provides score reports for statewide assessments that meet both State and Federal statutory requirements for student assessment. The assessments are developed in collaboration with Arizona educators, following nationally accepted scientificbased methods to produce valid and reliable assessments. The Assessment Section also creates support materials to help educators, parents, and students understand and prepare for these statewide assessments. The Assessment Section is responsible for:

- AzMERIT and AIMS Science which are statewide academic assessments that measure student proficiency of the Arizona content standards.
- MSAA and AIMS A Science which are statewide academic assessments for students with significant cognitive disabilities.
- AZELLA which measures English language proficiency of students identified as second language learners and determines placement for appropriate instruction.

In addition, the Assessment Section supports the administration of National Assessment of Educational Progress (NAEP) and the international assessments PIRLS, PISA, and TIMSS. These assessments are given to small samples of Arizona students.

The Assessment Section collaborates closely with numerous other sections within ADE: Accountability, K-12 Standards, Office of English Language Acquisition Services (OELAS), Exceptional Student Services (ESS), and Informational Technology (IT).

To serve Arizona's education community by ensuring adult learners have access to education that prepares them for success in college, career, and life

Description:

The Adult Education subprogram provides adult learners who are at least 16 years of age, legally present in the United States and not currently enrolled in the public K-12 school system, access to quality educational opportunities that will support them in their employment, job training, and higher education aspirations. This subprogram also assists adult learners in acquiring the knowledge and skills necessary for effective participation in society.

Adult Education, one of four core programs authorized under the Workforce Innovation & Opportunity Act (WIOA), coordinates with Workforce Development, Employment Services and Vocational Rehabilitation Services to provide learner-centered instruction below post-secondary levels to adult learners in one or more of the following areas:

- 1) English Language Acquisition
- 2) Adult Basic Education
- 3) Adult Secondary Education, including preparation for testing to obtain a High School Equivalency diploma
- 4) Civics engagement
- 5) Workforce preparation skills
- 6) Digital literacy skills.
