## Student Portfolio Goal Sheet

Goal Sheet should be kept inside portfolio.
After pre-assessing students, determine what the three lowest areas are for improvement and write goals based on these areas.

Measurable annual goal(s): The student will meet $100 \%$ of the short term instructional objectives.

Instructional objectives targeted to improve English, ELA, or math proficiency*:
Example: Goal \#1 John will use multiplication and division within 100 to solve word problems. Measured by: Improving 5 points on District Math Assessment.
Example: Goal \#2 Sally will read and comprehend informational text.
Measured by : Improving 0.25 course levels in SuccessMaker.
