## Integrity Error -40048

**Error Message:**

Student must have a Least Restrictive Environment (LRE) with a start date > the latest exit date of a SPED Exit code 9.

**Description:**

If the Least Restrictive Environment does not have a start date > the latest exit date of Least Restrictive Environment with a SPED Exit code 9 (Ends one LRE but starts another), then report the discrepancy as an error.

**Example:**

- SPED
    - Previous LRE
        - SPED Exit code 9                        -40048
        - Entry Date        ➡        Is the new LRE entry date
        - Exit Date                    the next in-session day?
    - New LRE
        - Entry Date
        - Exit Date

**Troubleshooting:**

- SPED Exit 9 is only valid when changing LRE within the same school site.
- Verify correct LRE entry and exit dates are reported.
- Verify LRE entry and exit dates are reported on in-session days of the reported calendar.
- Allow integrity to run overnight to see if student is passing integrity on SPED72 report.

A listing of all Integrity Rules can be found on the AzEDS website.
