

Arizona Science Standards Revision Working Group

Date and time of meeting: June 28, July 2, and July 9 2018 | 8:30 am – 3:30 pm

Scope of work: Working groups of diverse grade level content experts and community members reviewed the 6-8 grade level progression of standards. They made changes to the standards based off of [Working with Big Ideas of Science Education](#) and [The Framework for K-12 Science Education](#), public comment, technical review and past working group suggestions. These committee members reviewed the draft of the 2018 Science Standards and addressed public comment/feedback that had been received as 12:00 p.m. (noon) on May 31st, 2018.

Work completed: During the meetings for the dates listed above, the working group committee worked on editing the 2018 draft standards. They reviewed the K-12 progression and the learning progression including key terms, and adding in the crosscutting concepts. Page numbers from of [Working with Big Ideas of Science Education](#) and [The Framework for K-12 Science Education](#) were cited to the learning progression in the document.

Artifact (s): Artifact 1: 2018 Draft of the Science Standards as of 7/9/18
The document (artifact) is the actual working document from the science working group committee. As the working groups discussed the feedback/comment they determined and comment on the artifact:

- Content moved or suggest deletions found as ~~strikethrough and red font~~. This includes text that has been moved to another section of the standards document.
- Areas that are edited/added to the draft standards are typed in **blue font**.

Plans for next meeting: The next working group meeting will continue to focus on the K-12 standards progression, grade level connections, and final edits made to the document for grammar and formatting.
