- ◇ Venmo is not an allowable method of payment.

It has been brought to our attention that this payment method is intended for person-to-person payments and not for commerce transactions per the privacy policy. As ESA allowable service expenses are all considered business transactions, we have to stop allowing purchases/payments to be made with VENMO.

- ◇ Teachers-Pay-Teachers is not vetted and anything can be sold as "educational", so expenses from this website are disallowed and not considered curriculum.
- ◇ Cash withdrawals and cash back with purchase are not allowable per page 19 of the parent handbook.

- ◇ Quarter 2 expense reports are due **December 20, 2018.**
