### Recommended Equipment List

**Program:** Digital Communication  
**CIP#:** 10.0200.40

NOTE: The following items and descriptions are the recommended equipment guidelines for each **CTE Digital Communication** program. Please note that this list of recommended items does not necessarily need to be supported financially by Federal Perkins or State Priority funding sources. In many cases, local school district funds are used to purchase items on a regular basis (i.e. furniture, consumables, etc.) Further, please understand that this is not an exhaustive list. Local program and business needs may necessitate the purchase of additional equipment and software resources, as may the rapidly-changing nature of the industry-specific technologies used in the program.

Please contact ADE-CTE Program Specialist for Business and Marketing Education & Communication Media Technologies,  
 Elena Sobampo (Elena.Sobampo@azed.gov), if you have questions regarding the appropriateness of any item you are considering for addition to your **CTE Digital Communication** program.

#### Recommended Equipment and Software

Item	Notes
*Computer workstation with standard and program-required input devices and ports (mouse, keyboard, USB etc.)	Both macOS and Windows computer workstations are acceptable, provided the computer hardware, graphics hardware, sound/audio hardware, RAM, hard-disk space, and operating system software are capable of efficiently running all installed software applications and supporting any and all attached peripherals.  Consult the product specifications for all program-specific software applications to ensure that computer workstations meet minimum recommended hardware requirements.
Computer display	Minimum 21-inch monitor capable of displaying full HD resolution or higher.
Secure network storage space for digital files	For projects and student portfolios; server- or cloud-based.
Laser printer	Color laser printer preferred. A multi-function laser printer (printer, photocopier, and scanner) would also be appropriate.
Color inkJet printer (photo quality)	
Flatbed scanner	Large format scan area (11 in. x 17 in. or larger) recommended.
DSLR camera (including all required components and accessories: memory cards, cables, rechargeable batteries, carrying case, lenses, etc.)	APS-C sized sensor or larger.
Full frame DSLR camera (including all required components and accessories: memory cards, cables, rechargeable batteries, carrying case, etc.)

### Recommended Equipment List

**Program:** Digital Communication  
**CIP#:** 10.0200.40

Prime lenses (24mm f/1.2-2.8, 50mm f/1.2-1.8, 100mm f/1.2-2.8, macro, tilt-shift, fisheye, etc.) with filters	
Zoom lenses (70-200mm f/2.8, 16-35mm, 24-70 mm, etc.) with filters	
Speedlight off-camera flash (with radio/infrared controllers and modifiers)	
Camera tripods	
High-quality camera kit bags and cases	<i>To safely and securely transport DSLR cameras, lenses, and accessories to and from photo shoots and school/news events.</i>
Locking storage cabinets	<i>Should have enough capacity to safely store all program equipment and to allow for convenient access and equipment check-in/out.</i>
Adobe Creative Cloud, which includes Adobe Photoshop, Adobe Illustrator, Adobe InDesign, and other essential, industry-standard creative desktop applications	<i>Software applications should be no more than one version behind the current release.</i>
Microsoft Office Suite, which includes Microsoft Word, Microsoft PowerPoint, Microsoft Excel, and other essential, industry-standard productivity software applications	<i>Software applications should be no more than one version behind the current release.</i>
Portable/laptop computer workstations	<i>To be used for CTSO competitions.</i>  <i>Specifications equal to the desktop workstations listed above.</i>
<b>Additional Equipment and Software Options</b>	
Dual computer display	<i>Minimum 21-inch monitor capable of displaying full HD resolution or higher.</i>
Portable external hard drives and flash drives for file storage/backup and transfer	
Camera, display, projector, and printer calibration tool	<i>X-Rite ColorMunki or similar.</i>
Additional memory cards and backup rechargeable batteries for DSLR cameras	
Additional specialty lenses and filters for DSLR cameras	
Video production equipment (video cameras, lights, microphones, etc.)	<i>For Digital Communication programs whose curriculum includes video news gathering and production.</i>

\*Must meet the guidelines for specialized computing equipment as outlined on the "CTE Equipment Guidelines" at [www.azed.gov/cte/gi](http://www.azed.gov/cte/gi)
