

MENTAL AND SOCIAL HEALTH TECHNICIAN 51.1500.00

Program Description, Industry Credentials, Coherent Sequence, Teacher Certification

PROGRAM DESCRIPTION

The **Mental and Social Health Technician** program is an introduction to social work, mental health case work, clinical interviewing techniques, therapeutic intervention strategies, patient testing and evaluation procedures, patient and family counseling, social rehabilitation, patient care planning, record-keeping, and support services liaison activities. The **Mental and Social Health Technician** program includes instruction in mental health theory, applied psychopathology, patient communication and management, crisis intervention, psychotropic medication, mental health treatment procedures, substance abuse, record-keeping, clinical administrative skills, and applicable standards and regulations.

The **Mental and Social Health Technician** program is designed and delivered as a coherent sequence of school-based and work-based supervised learning. The **Mental and Social Health Technician** students develop leadership, social, civic, and career skills through participation in the Career and Technical Student Organization HOSA (Future Health Professionals).

The **Mental and Social Health Technician** instructional program prepares students for entry-level employment, further training, and/or post-secondary education for these and other occupations: Behavioral Health Aide, Mental Health Aide, Behavioral Health Technician, and Mental Health Assistant
