## Purpose of the Focus Groups:

- The contract for the current state tool for on-going progress monitoring is coming to a close. The ADE will conduct focus groups, a webinar, and a survey to gather feedback regarding current on-going progress monitoring activities.
- This information will support the development of the scope of work to be included in the Request for Proposal.
- These focus groups are open to all stakeholders that would be required to use the chosen tool and for stakeholders that opt into using the chosen tool.
