## Meet the Team

The ADE/ESS Secondary Transition team serves to ensure that all public education agencies (PEAs) in Arizona can receive quality technical assistance in the planning, development, organization, implementation, and evaluation of special education secondary transition services. This includes meeting Indicators 1, 2, 13, and 14, successful collaborative partnerships with family and community-based partners, and connection to statewide initiatives.

We collaborate with the National Technical Assistance Center for Transition (NTACT), providing statewide professional development opportunities and technical assistance. Please visit our [Secondary Transition Page](#) to learn more about our team projects and current initiatives.
