

## **Indirect Cost – Mystery Solved**

**Presenters:** Kristen Heck and Katarina Pena, ADE

What do you think when someone says Indirect Cost? If the first thing that comes to mind is “I’ve heard it before, but I was told it’s not mandatory, so I don’t worry about it.” then you need to come to our session to explore its benefits! The Grants Management’s Processing Director and Training Supervisor will provide you with information on Indirect Cost that may change the way you look at it. We will discuss what is needed to apply (GME user roles and data), the timeline for applying and getting approval (even before funding applications open), how to include it in your budget, and give you some examples on how it can be used to benefit your Local Education Agency (LEA).

**Intended Audience:** Federal Grants Administrator, LEA Business Manager, Business Office/Finance, Other District Level Employees
