

Root Cause Analysis Module

Learning Targets

1

Understand the purpose of conducting a root cause analysis

2

Use the fishbone method to determine the root cause of your primary need

3

Create need statements and desired outcomes to remediate the root cause

Comprehensive Needs Assessment (CNA)

*Special Reminders: Strategies must be evidence based and there could be multiple strategies to support the desired outcome.

Identifying Primary Needs

- Divide chart paper in half
- Headings:
 - Strengths
 - Areas of Development
- Review CNA Final Summary Page and discuss your strengths and areas of development – list the indicators in each column
- Discuss patterns, trends and data that showcase your need
- Highlight the top 3 needs on chart

Have a primary need, now what?

The Fishbone Problem Solving Process

Desired Outcome (Positively Restate your Needs Statement):

What will you do to fix the root cause and what will you achieve?

- What causes the teachers to contribute to the problem?
- Why do students feel or act a certain way?
- How does instruction contribute to the problem?

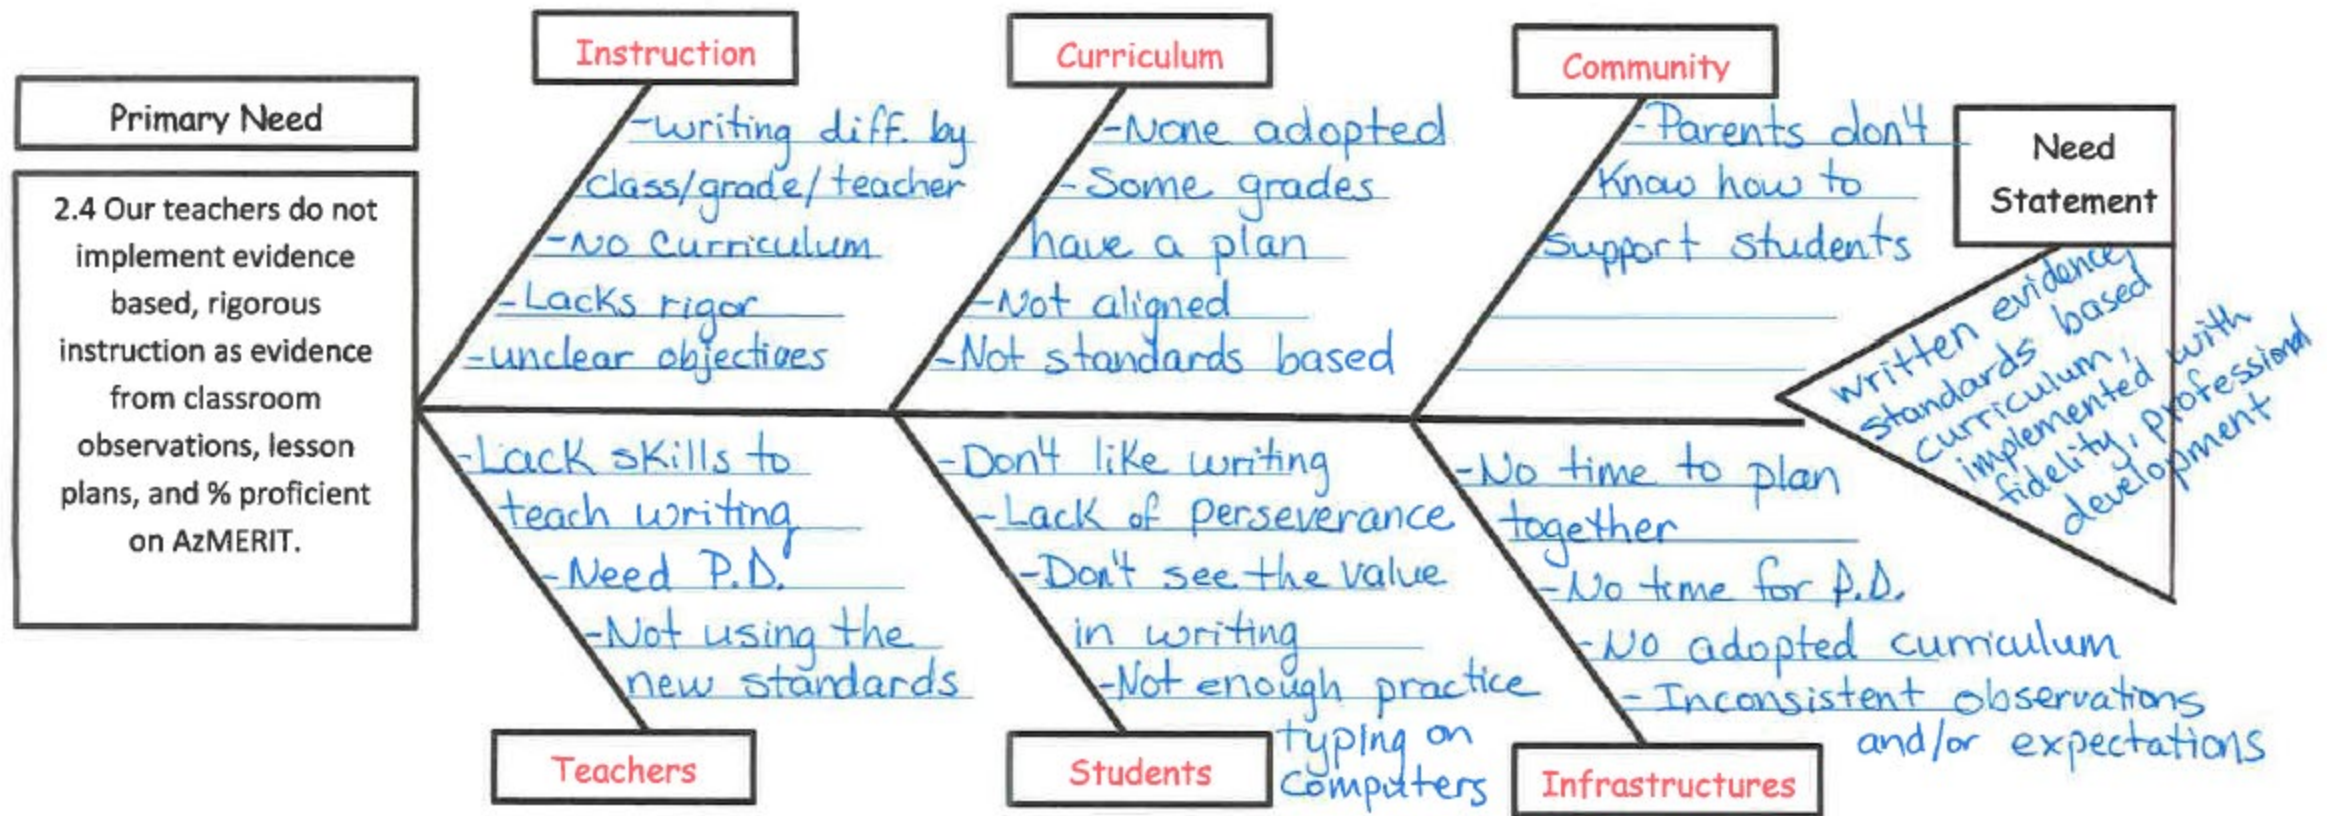

You Will Have to Study Your Diagram to Identify the Root Cause

Overall Root Cause: No curriculum and lack of knowledge

Desired Outcome (Positively Restate your Needs Statement):

Writing curriculum aligned to grade & content standards, implemented with fidelity to increase % proficient on writing assessment.

How to Use the 5 Whys

Overall Root Cause: low rigor, lack of student engagement, no motivation, teachers just going through the motions, lack of relevancy

Desired Outcome: Teachers will maintain high academic expectations for all students by actively engaging them in high level learning activities in all areas of instruction.

Why do teachers have low expectations for student achievement?

They don't understand the students' needs.

They don't take time to build relationships with students.

They don't know how to build a relationship.

They don't have strategies to build relationships with students.

Need Statements

- A. Teachers need to increase the practice of using higher level DOK questioning with students
- B. We need to provide opportunities for parents and community to get involved in the school
- C. Staff need opportunities to collaborate to review assessment data and create student action plans

Desired Outcomes

- A. Teachers will include DOK 2 and 3 levels of questioning in their daily planning and instruction
- B. Create a team to develop and implement opportunities for parent and community involvement
- C. Develop a schedule for team collaboration and expectations for assessment data review and student action plan creation

A word about TSI Subgroups

Must include in your consideration of primary needs, root causes, need statements, and desired outcomes

NAOTO KAN

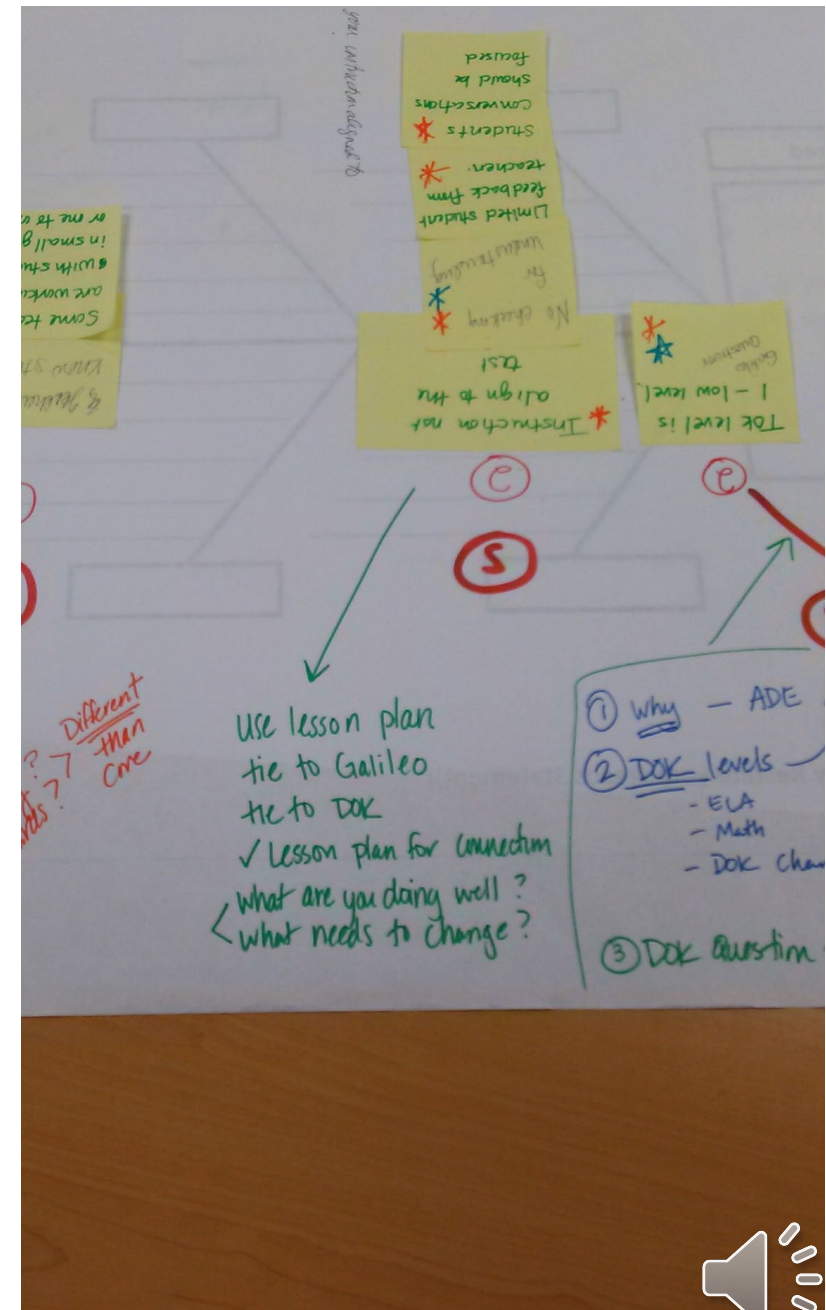

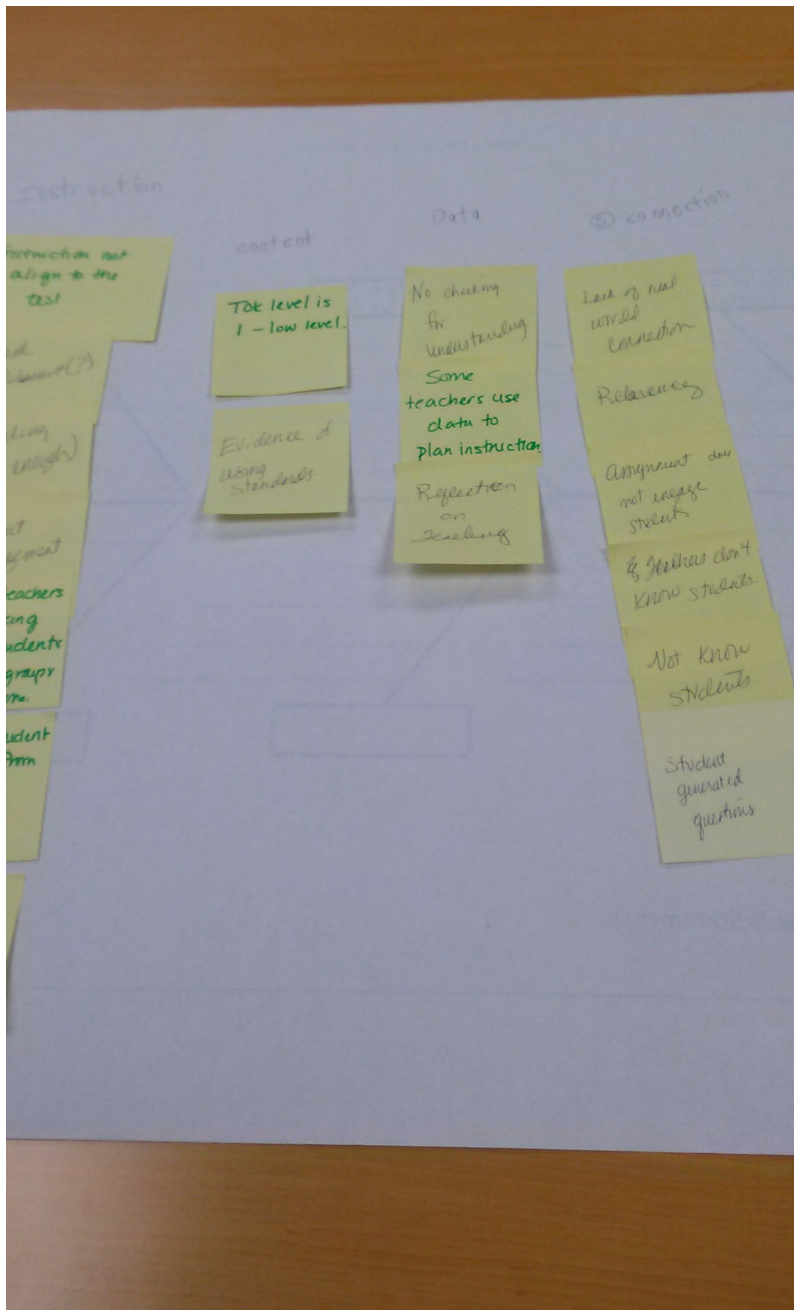

Overall Root Cause: low level questioning in class; limited use of questioning

Desired Outcome Teachers will include in daily planning instruction to increase levels of DOK. We will use more DOK 2's and 3's.

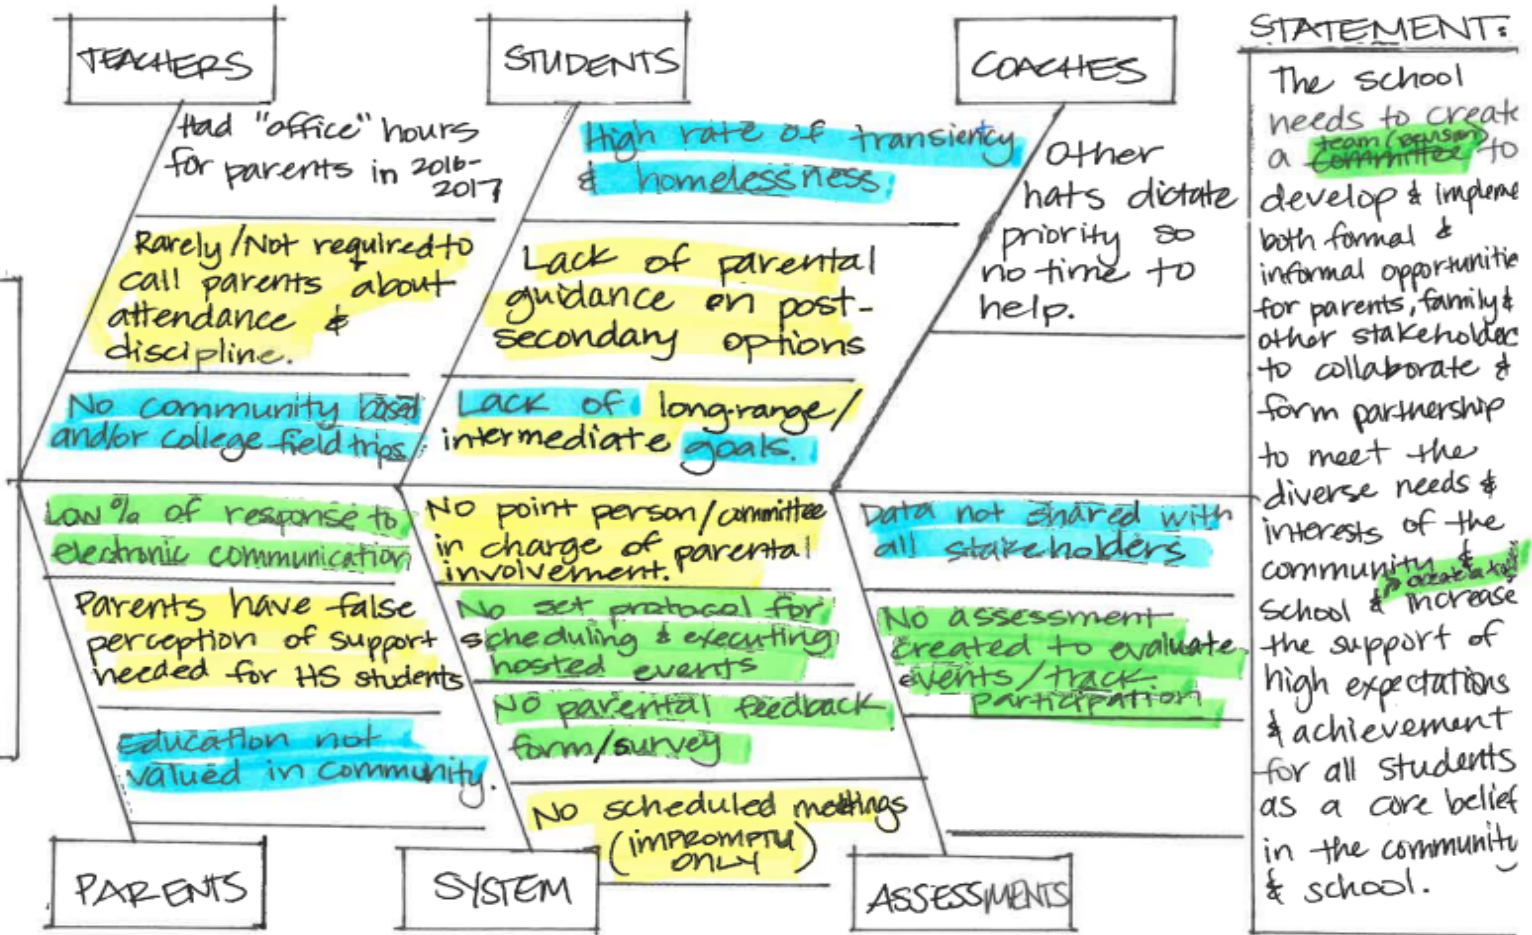

PRIMARY NEED:

The school needs to increase opportunities for parental support & involvement reinforcing an environment of high expectations & achievement for all students.

PRINCIPLE 6

1.4 & 6.1

DESIRED OUTCOME:

The school creates a new TEAM committee to develop & implement both formal & informal opportunities for parents, family, & other stakeholders that forms partnerships that meet the diverse needs & interests of the community & school & a tracking system that reinforces the environment of high expectations & achievement for all students.
