This two-day institute will provide guidance and support to teams of classroom teachers, administrators, and support personnel working with English learners with disabilities (ELSWD) in all settings and schools. Teams will have the opportunity to learn strategies associated with school improvement efforts related to the **4 Domains of Rapid School Turnaround**. Teams will be guided in using the research related to the unique needs of English learners, students with disabilities and dual-identified students (ELSWD). Teams will practice incorporating effective instructional strategies into daily grade level/content area instruction.
