

Spring 2020 Testing Guidance for High schools

1. All Cohort 2022 students will take the AzM2 ELA and Math assessments regardless of the course and grade of enrollment.
2. Cohort 2022 students who are concurrently enrolled in two schools should take the AzM2 ELA and Math assessments at the school where they are enrolled for the ELA course or Math course.
3. Accountability, in regard to proficiency, will be attributed to the school where the student is enrolled and takes the AzM2 ELA or Math test.
4. Students who are enrolled in a school on the first day of the state testing window are included in the 95% tested calculations for each school where they are enrolled.
