

Important Statewide Testing Information - Updates April 10, 2020

District Test Coordinators,

Below are the statewide testing updates for today, 4/10/20.

AZELLA

Due to the mandated school closures, ADE extended the date for the return of Spring 2020 Reassessment test materials. Therefore, ADE has been working with our vendor, Pearson, to finalize a new date for having AZELLA Reassessment results available. ADE has requested that all AZELLA Reassessment scorable test materials be shipped by April 24, 2020 (to be received at Pearson by May 1, 2020). If you are able to return your scorable test materials by April 24 - even if you have to do it in more than one shipment - you can expect your electronic score reports and data files to be available through PearsonAccess^{next} by June 29, 2020.

At this time, ADE will be holding off on shipping any paper reports until LEAs are no longer closed.

Alternate Assessment

If you still have any AIMS A Science materials that you have been unable to return, please send them back when you are able to get into your building. Let us know if you need a new return label.

Public Comment

As a reminder, the Public Comment window for ADE's waiver submission is open through April 24, 2020. More information can be found on our website at <https://www.azed.gov/assessment/>.
