1	The meat/meat alternate contribution on the week of review production record did not match the creditable amount on the CN label. CN label for Tyson Grilled Chicken states 2.75 oz/eq used and production record for 12/12 Chicken Tacos states 2.0 oz/eq.	Discussed with caterer the importance of updating production records when product distributors and contributions have changed.	<i>Please provide a written description of the changes that have been made to ensure that portion sizes meet minimum amounts required by the meal pattern along with an updated production record reflecting the correction.</i>
2	Quantities observed during the review period did not meet minimum amounts required by the meal pattern. The Red / Orange subgroup only offered 1 cup during the week of review instead of the required 1.25 cup. This was not determined to be a repeat finding and did not contribute toward fiscal action calculations.	Discussed vegetable subgroup requirements for the age/grade groups served. Vegetable Subgroup Quick Guide can be found on ADE's website at www.azed.gov/hns/nslp/mealpattern . The Step by Step Instruction: How to Plan a Lunch Menu can be found on ADE's website at http://www.azed.gov/hns/nslp/trainings/online/ . Please note that repeated violations involving vegetable subgroups may result in fiscal action and/or termination of performance-based reimbursement (extra 7 cents).	<i>Please provide one week of lunch production records which demonstrate compliance with the vegetable subgroups. Additionally, please provide written assurance that moving forward, all menus will be planned to meet the vegetable subgroup requirements. Additionally, the certificate of completion of Step by Step Instruction: How to Plan a Lunch Menu must be submitted.</i>
