

Information

Arizona State Board of Education rule R7-2-607(J) allows applicants who have passed a similar professional knowledge, subject knowledge, or administrator assessment adopted by a state agency in another state to qualify for a waiver of the corresponding Arizona educator exam. The information in this document provides the out-of-state exams that have been reviewed and determined to be equivalent by the Arizona Department of Education Certification Unit.

This list is subject to change and may not include all exams that can be accepted.

Score Reporting Requirements

If you are using out-of-state exams to meet certification requirements, include a copy of the out-of-state score report with your application **and** have exams verified as follows:

- Forward the [Verification of Out-of-State Exams](#) form to the state agency that accepted the exam. This form must be completed and submitted by an official with the state agency directly to the ADE Certification Unit; -or-
- If you are using Praxis exam(s), you may include a copy of the passing score report and have your scores reported by ETS to the Arizona Department of Education (8517). **Note:** The ADE Certification Unit will not interpret your Praxis exam results to determine if you achieved a passing score. If your Praxis score report does not verify you passed the exam in another state, the state agency that accepted the exam will need to complete and submit the [Verification of Out-of-State Exams form](#).

Multiple States: PRAXIS II EXAMS	Current Exam Equivalencies
In order to waive the equivalent Arizona exam, the Praxis score report must document that your exam was reported to another state and that you passed the exam in that state. Additionally, exams must be reported directly by ETS to the Arizona Department of Education (8517) or by the out-of-state agency.	Revised 7/24/2026
Arizona Professional Knowledge Exams (AEPA/NES)	Praxis II Professional Knowledge Exam Equivalents
