

How to Determine Adult Meal Prices Using the Adult Meal Pricing Tool

Health and Nutrition Services
Arizona Department of Education

Disclaimer

This training was developed by the Arizona Department of Education (ADE) Health and Nutrition Services Division (HNS). The content in this training is intended for professionals operating one or more USDA Child Nutrition Programs in Arizona under the direction of ADE. The information in this training is subject to change. Attendees are encouraged to access professional development materials directly from the training library to prevent use of outdated content.

Intended Audience

This training is intended for **School Food Authorities (SFAs)** operating the **National School Lunch Program (NSLP)**.

Objectives

At the end of this training, attendees should be able to:

- be familiar with the adult meal pricing requirements;
- know the difference between program and non-program adults;
- understand and properly use the Adult Meal Pricing Tool based on the individual site's food service operation; and,
- complete the Adult Meal Pricing Tool to set adult meal prices for the current school year.

Training Title: How to Determine Adult Meal Prices using the Adult Meal Pricing Tool

Key Area: 3000 - Administration

Learning Code: 3350

Length: 30 minutes

The instruction within this How-To Guide is based on guidance from the Code of Federal Regulations (CFR), §210.14 Resource Management and Food and Nutrition Service (FNS) Instruction 782-5. It is recommended to review these regulations in addition to reviewing this course for complete guidance on determining adult meal prices.

Definitions

School Food Authority (SFA)

The governing body which is responsible for the administration of one or more schools and has the legal authority to operate the Child Nutrition Programs CNPs. The SFA is responsible for maintaining the nonprofit school food service account and ensuring compliance with regulations regarding the use of nonprofit school food service revenues.

Nonprofit School Food Service Account (NSFSA)

The restricted account in which the revenue from all food service operations conducted by the SFA principally for the benefit of school children is retained and used only for the operation or improvement of the nonprofit school food service. This account shall include, as appropriate, non-Federal funds used to support paid lunches as provided in §210.14(e), and proceeds from non-program foods as provided in §210.14(f).

Non-Program Food

Foods (other than reimbursable meals) sold in a school at any time that were purchased using funds from the nonprofit school food service account. Non-program foods include a la carte items and adult meals. They also include items purchased with nonprofit school food service account funds for vending machines, fundraisers, school stores, and catered and vended meals.

Quiz Time

Throughout this guide, there will be comprehension quiz questions to test your knowledge and help you apply what you're learning. Be sure to review these quiz questions and answers available within the guide.

Adult Meal Requirements

SECTION 1

Adult Meal Requirements

ADULT MEALS IN THE SCHOOL NUTRITION PROGRAMS

The purpose of Federal funds provided for school nutrition programs is to safeguard the health and well-being of the nation's children.

Though the school nutrition program's purpose is to feed children, SFAs also have the option to feed adults who either work at or are visiting the site.

Although not required, SFAs who decide to provide adult meals are required to set their own purchase price. Adult meals may not be claimed for reimbursement.

Nonprofit School Food Service Account (NSFSA) funds cannot be used to cover the cost of providing adult meals.

Adult Meal Requirements

PROGRAM ADULTS

Program adults work directly with the food service operation as either volunteers or paid employees. Meals may be served at no cost to these adults.

- These meals may count as an operating cost to the NSFSA.
- These meals may not be claimed for reimbursement.

For example, meet Miss Penny!

“I’m a cook for the food service department at Shadow Elementary School.

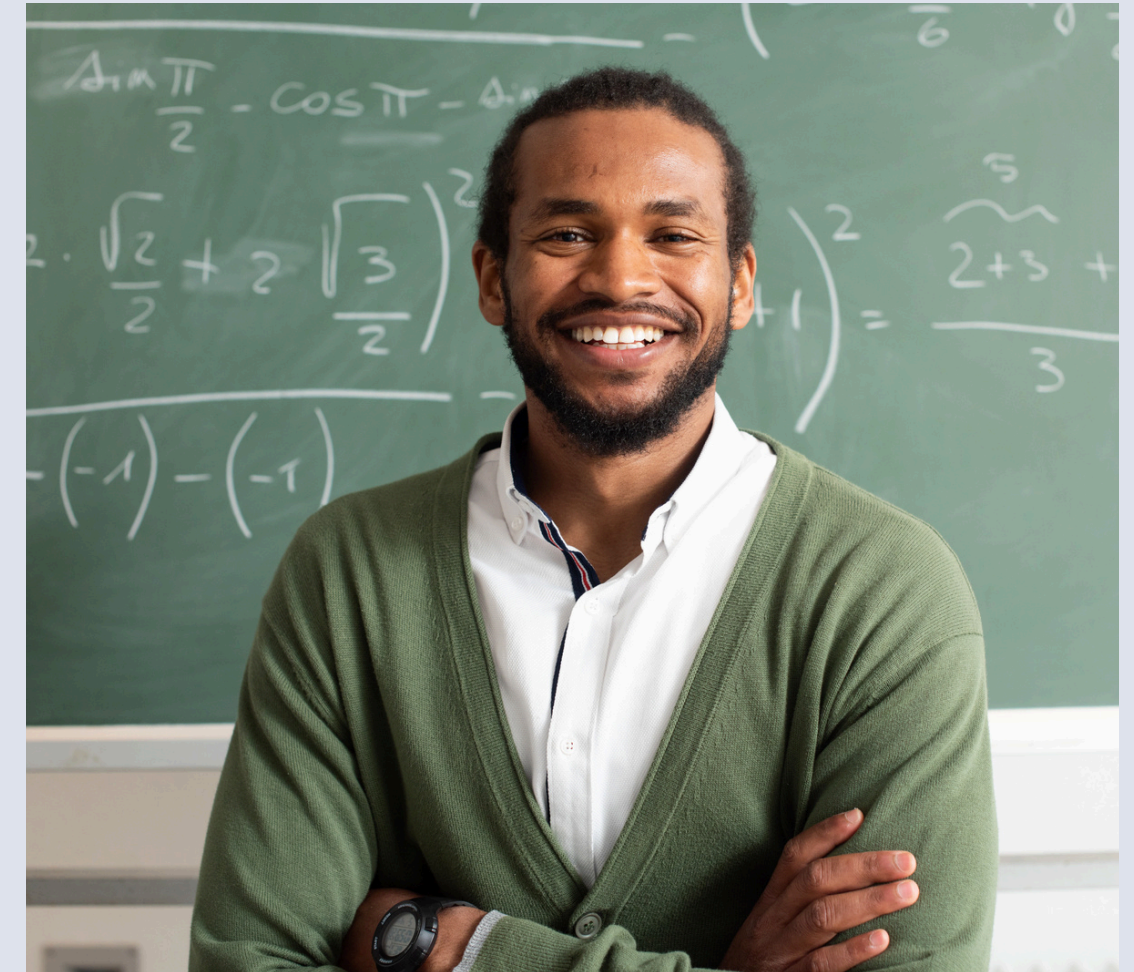

I am a program adult.”

Adult Meal Requirements

NON- PROGRAM ADULTS

Non-Program adults do not work in any direct way with the meal service at the site. Meals must be served at full cost to these adults.

- These meals may not be claimed for reimbursement.
- These meals may not count as an operating cost to the NSFSA.

For example, meet Mr. Clark!

“I’m a math teacher at Shadow Elementary School.

I am a non-program adult.”

Adult Meal Requirements

COVERING ADULT MEALS COSTS

SFAs must ensure that the overall cost of **non-program adult meals** is covered by the adult payment or other non-Federal funds.

- Under **no circumstance** can the cost of providing **non-program adult meals** be covered by funds from the NSFSA.

It is allowable for Local Educational Agencies (LEAs) to cover the costs of these meals with non-Federal funds; however, regardless of whether an LEA pays these fees or not, the SFA must determine the proper amount required to be paid to the NSFSA per adult meal.

USDA has created guidelines to help SFAs determine appropriate and compliant adult meal prices. ADE HNS has created an Adult Meal Pricing Tool to help operators determine adult meal prices, which is the focus of this training. For more detailed information on Adult Meal Prices, please refer to CFR §210.14 Resource Management for Adult Meal Pricing Requirements.

Quiz Time

True or False. At the end of January, Shadow Elementary School served 110 program adult meals and 300 non-program adult meals. When submitting their monthly claim for reimbursement, 110 adult meals can be added to the claim.

A True.

B False.

Quiz Time

True or False. At the end of January, Shadow Elementary School served 110 program adult meals and 300 non-program adult meals. When submitting their monthly claim for reimbursement, 110 adult meals can be added to the claim.

A True.

B False.

SFAs are never allowed to claim adult meals for reimbursement regardless of whether they are program or non-program adult meals; however, SFAs can count program adult meals as an operating cost and pay for them out of the NSFSA. Non-Program adult meals cannot be paid for out the NSFSA.

Adult Meal Requirements

GUIDELINES FOR DETERMINING PRICE

Annually, prior to the start of each program year, adult meal prices must be assessed to ensure they are up-to-date, still compliant, and cover the cost of adult meals.

SFAs are required by Food and Nutrition Service (FNS) Instruction 782-5 REV. 1 to price adult meals so that adult payments are sufficient to cover the **full cost of producing the meal**, including the value of donated foods used in the production of adult meals.

- The value of donated foods, or the value of USDA Foods, is outlined by HNS annually on the Compiled Reimbursement Rates for Child Nutrition Program Operators.

ADULT MEAL PRICING TOOL

The remainder of this training will provide you with instructions on how to properly complete the Adult Meal Pricing Tool.

It is recommended to have this tool up on your desktop while reviewing the following slides.

- Please note, that this example reflects a particular school year, and these instructions will still stand regardless of changes in reimbursement rates and USDA Foods values.

Remember that it is up to the SFA to complete their own tool annually in order to determine the adult meal price for the year.

Adult Meal Pricing Tool

School Food Authorities (SFAs) who decide to provide adult meals are required to set their own purchase price. This tool is intended to assist SFAs in determining the price requirement based on reimbursement and the value of donated foods. Completing the Adult Meal Pricing Tool

UNDERSTANDING THE DIFFERENT METHODS

- 1

Method 1: Adult Meal Pricing Tool for Pricing Site

Pricing sites collect funds for meals served to students that qualify for reduced-price and paid meal benefits.
- 2

Method 2: Adult Meal Pricing Tool for Non-Pricing Site

If a site is non-pricing, this means the site has agreed to provide meals to all enrolled students at no charge, regardless of whether the site is operating a Special Provision Option (SPO) or not.

Breakfast and lunch have their own calculations for Method 1 and Method 2, and the SFA must pay attention to which box they are utilizing for each.

BREAKFAST PRICING EXAMPLE

The following scenario demonstrates how to use the Adult Meal Pricing Tool to determine Adult Breakfast Prices using Method 1.

- 1

Enter the highest paid student price for breakfast

At this site, the highest paid student price for breakfast is \$2.00.
- 2

Enter the paid breakfast reimbursement rate for the current school year

At this site in the year of completion, the paid breakfast reimbursement rate is \$0.39.
- 3

Enter the USDA Food value for the current school year*

** include only if USDA entitlement or donated foods are used to prepare meals*

In this example, this site does not use USDA entitlement to prepare meals and therefore does not include the USDA Food value.

If the site did use USDA entitlement to prepare meals, the value, which is \$0.30 at the time of this example, would be added.

BREAKFAST PRICING

SECTION 4.1

Adult Meal Pricing: Method #2

BREAKFAST PRICING

To determine the Adult Breakfast Price at a non-pricing site:

- Remember that this method is recommended for sites that do not charge students for breakfast.

- 1

Enter the free breakfast reimbursement rate for the current school year

Using HNS’ Compiled Reimbursement Rates for Child Nutrition Program Operators, input the rate of reimbursement for free breakfast, or the rate received at this site for breakfasts.
- 2

Enter the USDA Food value for the current school year*

** include only if USDA entitlement or donated foods are used to prepare meals*

Sites that utilize USDA entitlement or donated foods to prepare breakfast must include the USDA Food value. Sites that do not may input ‘0’ or leave this field blank.

In accordance with federal civil rights law and USDA civil rights regulations and policies, the USDA, its agencies, offices, employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the state or local agency that administers the program or contact USDA through the Telecommunications Relay Service at 711 (voice and TTY). Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, [AD-3027](#), found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

1. **Mail:** U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Mail Stop 9410, Washington, D.C. 20250-9410;
