

Family Day Care Homes (FDCH) Waivers

ARIZONA DEPARTMENT OF EDUCATION
HEALTH AND NUTRITION SERVICES

Monitoring Waiver Extension

This is in regard to the monitoring waiver USDA extended thru September 2021, that pertains to CACFP sponsors. This is to share with you that ADE has officially opted into the nationwide monitoring waiver with the following caveat. ADE has been given permission to opt out of the monitoring waiver at any time. When ADE has made the decision to opt out of the monitoring waiver, sponsors will be given adequate notice so you can schedule home monitoring visits accordingly. Sponsors will be required to follow the procedures currently in place in regard to monitoring.

Please note sponsors will continue to follow the current procedures in place regarding fire and health inspections until further notice.

If you have any questions, please contact your assigned specialist.
