Recommended Equipment List

Program: Energy Systems
CIP#: 47.0701.00

*NOTE: The following items and descriptions are the recommended equipment guidelines for each CTE **Energy Systems** program. Please note that this list of recommended items does not necessarily need to be supported financially by Federal Perkins or State Priority funding sources. In many cases, local school district funds are used to purchase items on a regular basis (i.e. furniture, consumables, etc.) Further, please understand that this is not an exhaustive list.*

*Please contact ADE-CTE Program Specialist for **Construction Science Technologies**, if you have questions regarding the appropriateness of any item you are considering for addition to your CTE Energy Systems program.*
