

Adult Meal Pricing Tool

School Food Authorities (SFAs) who decide to provide adult meals are required to set their own purchase price. This tool is intended to assist SFAs in determining the price requirement based on reimbursement and the value of donated foods. **SFAs are encouraged to review the [Step-by-Step Instruction: How to Determine Adult Meal Prices Using the Adult Meal Pricing Tool](#) prior to completing this tool.**

METHOD 1: RECOMMENDED FOR PRICING SITES

BREAKFAST	
Enter your highest paid student price for breakfast	
Enter the paid breakfast reimbursement rate for the current school year	
Enter the USDA Food value for the current school year* * include only if USDA entitlement or donated foods are used to prepare meals	
Sub-total (highest paid student breakfast price + paid breakfast reimbursement rate)	
Suggested adult breakfast price (round up to the nearest \$.05)	

LUNCH	
Enter your highest paid student price for lunch	
Enter the paid lunch reimbursement rate for the current school year	
Enter the performance-based reimbursement rate for the current school year	
Enter the USDA Food value for the current school year	
Sub-total (highest paid student lunch price + paid lunch reimbursement rate + performance-based rate + USDA Food value)	
Suggested adult lunch price (round up to the nearest \$.05)	

METHOD 2: RECOMMENDED FOR NON-PRICING SITES

BREAKFAST	
Enter the free breakfast reimbursement rate for the current school year	
Enter the USDA Food value for the current school year* * include only if USDA entitlement or donated foods are used to prepare meals	
Sub-total (free breakfast reimbursement rate + USDA Food value (if applicable))	
Suggested adult breakfast price (round up to the nearest \$.05)	

LUNCH	
Enter the free lunch reimbursement rate for the current school year	
Enter the performance-based reimbursement rate for the current school year	
Enter the USDA Food value for the current school year	
Sub-total (free lunch reimbursement rate + performance-based reimbursement rate + USDA Food value)	
Suggested adult lunch price (round up to the nearest \$.05)
