

Dear <<First Name>> <<Last Name>>

You have been awarded the Arizona State Seal of Arts Proficiency. This designation and the accompanying diploma seal recognize your high levels of proficiency in the arts.

The Arizona State Seal of Arts Proficiency was signed into law by Governor Doug Ducey on May 14, 2019, for students who meet rigorous standards in artistic literacy. To qualify, you must achieve a minimum letter grade of "B" in all approved arts courses, complete at least 4 credit hours of approved arts courses, fulfill 80 hours of arts-related extracurricular activities, and submit a senior capstone portfolio.

This is a rare accomplishment that you should highlight on future applications, including those for college, graduate school, and job opportunities. The Arizona State Seal of Arts Proficiency is a lifetime designation that can enhance your resume, no matter what profession you pursue. This seal represents your ability to communicate effectively, collaborate, problem-solve, take initiative, self-manage, organize, and lead. These skills, while developed in the arts, reflect your character and can be applied to all aspects of life.

Congratulations on your achievements!

Sincerely,
