- Registration closes 2 weeks prior to conference.

What is the Summit Conference Series?

The Summit Conference Series is a traveling five-part conference series with a conference designed for students in each grade level. The Discover (Middle School), Embark (Greenhand), Elevate (Sophomore) and Ascend (Junior) Conferences are held in the fall and take place at 7 locations across the state.

Discover: A Middle School Conference The objectives of the conference are to get middle school students excited about the opportunities available to them through agricultural education and the FFA. Students will get a taste of different experiences available to them and learn about different trails they can take during their time in the organization.

Embark: A Greenhand Conference is designed to intrigue and excite the 9th grade FFA members about the organization. This conference is the “hook - line - and sinker” to get students to buy into the FFA organization throughout their four years in high school. The objectives of the conference are to share many of the benefits of FFA, increase knowledge of first year activities, develop agricultural career awareness, and design an individual personal plan of involvement to help guide the student through his/her first year of agriculture education enrollment.

Elevate: A Sophomore Leadership Conference will focus on a student’s individual development with an emphasis on identifying their leadership qualities in an effort to better enable them to facilitate personal growth and set goals. Attendees will identify their personal leadership qualities as well as develop a plan for utilizing those qualities to become a contributing member of their FFA Chapter, school and community.

Ascend: A Junior Leadership Conference will focus on a student’s interactions with others and will include relationship building, maintaining relationships, serving others and refilling their own personal cup. Attendees will develop a deep understanding of the factors that contribute to relationships, both positive and negative, and how to strengthen those relationships. They will dive into servant leadership and develop a plan to serve using their time, talents and treasures.

Who may attend?

The Discover: Middle School Conference is open to 5th-8th grade middle school, students. The Embark: Greenhand Conference is open to 9th grade students only. The Elevate: Sophomore Leadership Conference is open to 10th graders only. The Ascend: Junior Leadership Conference is open to 11th grade students only. Registration is on a first-come, first-serve basis. We reserve the right to cap registration per location if necessary. There is no limit to the number of students that a chapter may bring.

Note: *All registration changes must be made prior to the conference deadline. No refunds will be provided for non-attendance.*

ARIZONA
ASSOCIATION FFA

ARIZONA DEPARTMENT OF
EDUCATION

The Arizona Association FFA is a resource and support organization that does not select, control or supervise local chapter or individual member activities except as expressly provided for in the state FFA constitution, bylaws or policies.
