We **strongly encourage** sessions that:

- Include hands-on activities, simulations, role-playing, or group problem-solving
- Provide practical tools, templates, or resources participants can use immediately
- Feature real-world examples and workplace applications
- Allow participants to practice and receive feedback
- Connect leadership development to actual career opportunities and workplace success

IDEAL WORKSHOP TOPICS

- | | |

| ✓ Leadership | ✓ Financial Literacy |
| ✓ Professional Skills | ✓ Personal Branding |
| ✓ Etiquette | ✓ Competition |
| ✓ Entrepreneurship | ✓ Team Building |

Some of the presentation spaces DO NOT have AV and screen capabilities. We would like to request that you let us know at time of registration if you need a screen and projector so that we can plan accordingly. If you can plan your workshop without the need for a screen and projector that would be ideal for the venue.
